OFFICE OF THE PRESIDENT

Memo # U2021-020  
1 Dec 2020

Memo to : The University Community  
Subject : Online Classes from January to May 2021

---

As decided during a recent President's Council meeting, the Basic Education, the Loyola Schools, and the Professional Schools will continue to hold online classes from January to May 2021 in view of mitigating the spread of the COVID-19 virus. This decision came after a careful consideration of the national and international health situation as well as the prevailing government health guidelines.

In view of this, I have asked the Vice Presidents of the academic units to make the appropriate arrangements and announcements in their respective clusters concerning the details of online classes for the rest of School Year 2020-2021.
